

# 1 YEAR CERTIFICATES

At Southwestern Oregon Community College we understand the need and desire to offer a full compliment of short-term educational opportunities that will allow our students to enter the workforce in a short period of time. Once these certificates are completed the students can enter the employment field of their choice and may determine to further their education while working. We support these students from a scheduling perspective as well as offering a broad choice of career choice options.

Certificates are eligible for financial aid.
