

BUSINESS MANAGEMENT/ ENTREPRENEURSHIP, ASSOCIATE OF APPLIED SCIENCE

This two-year degree exposes students to all aspects of operating a small business with a focus on entrepreneurship. The program also prepares students for positions such as management trainee, first-line supervisor, buyers and purchasing agents, sales managers, and higher levels of management for either profit or nonprofit organizations. Focus is placed on entrepreneurship for those interested in starting/operating a business or applying this managerial approach in a medium to large organization.

Employment in this field is expected to remain steady. Prospects are very good for those who want to own and manage a business, especially if they have determination, talent and a unique service or product.

Many students will decide to begin this program by first earning a Career Pathway Certificate of Completion in Supervision or Marketing. A Certificate of Completion can typically be completed in one year. Click here (<https://www.socc.edu/pathways/roadmapsaz/317-business-management-entrepreneurship-roadmap>) to view the entire Pathway. Students interested Retail Management (<http://ecatalog.socc.edu/archive/2017-2018/programsaz/less-than-one-year-certificate-completion-retail-management>) may also earn a Certificate of Completion Retail.

Students who intend to transfer to a four-year institution with the goal of completing a bachelor's degree in business should consider completing the ASOT-BUS degree and consult with business program faculty.

Graduation Requirements

Students must complete a minimum of 95 credit hours with a minimum Grade Point Average (GPA) of 2.0 or better. All courses must be passed with a grade of 'C' or better. Twenty-four (24) credits must be completed at Southwestern before the AAS Business Management/Entrepreneurship degree is awarded.

Complete the graduation application process one term prior to the term of completion (e.g., spring term graduates must apply during winter term).

Pre-Program Courses

Students are required to take the following courses *prior to* the program courses, depending on students' college placement information. See advisor for details:

Code	Title	Credits
CIS90	Computer Basics	2
MTH20	Basic Mathematics	4
