BUSINESS, ASSOCIATE OF SCIENCE OREGON TRANSFER

The Associate of Science/Oregon Transfer Business (ASOT-BUS) is a degree that is intended to prepare students for transfer into a bachelor-level business program at a public Oregon university. Students who receive this degree will have met all lower division general education requirements of that institution's bachelor's degree programs. Students transferring with this degree will have junior standing for registration purposes. Admission to the business school/program of any public Oregon university is not guaranteed upon completion of the ASOT-BUS degree.

It is strongly recommended that students review the list of university-specific prerequisites and recommendations and contact the specific Oregon university business school/program early in the first year of their ASOT-BUS program at Southwestern to be advised about additional requirements and procedures for admission consideration to the public Oregon university and the business school/program. For specifics, please contact an advisor at the University Center (https://www.socc.edu/uc) or Educational Support Programs and Services (ESPS (https://www.socc.edu/esps)).

Students holding this degree are not guaranteed admission to the business school/program of any institution. The student must contact the four-year institution of interest to determine any university-specific requirements. Examples of such university-specific requirements are: minimum GPA requirements, a limitation of non-graded courses (Pass/ No Pass), or specific additional courses. Check transfer school program requirements or contact the University Center (https://www.socc.edu/ uc) for more information.

Graduation Requirements

Complete a minimum of 91 credit hours with a minimum cumulative Grade Point Average (GPA) of 2.0 or better. All courses must be passed with a grade of 'C' or better. Twenty-four (24) credits must be completed at Southwestern before the ASOT-BUS degree is awarded.

Successfully complete the following courses (except for elective credits) from the list of approved courses for the ASOT-BUS. The list is available on the following pages and in Admissions, the Student First Stop Center, Educational Support Programs and Services (ESPS) or from the program advisor.

Students may take any college-level course that would bring total credits to 90 quarter hours including up to 12 credits of college designated Career and Technical Education courses. A maximum of nine (9) credits of PE185 may be applied to the ASOT-BUS degree.

Courses that are developmental in nature (designed to prepare students for college transfer courses) are not applicable to this degree.

Complete the graduation application process one term prior to the term of completion (e.g., spring term graduates must apply during winter term).
