

OREGON TRANSFER MODULE (OTM)

The Oregon Transfer Module (OTM) is an approved 45 credits of general education courses (foundational skills and introduction to discipline courses) that are common among Oregon's colleges and universities. Courses are selected from an approved list of 100- and 200-level general education requirements, determined by each Oregon community college, Oregon University institution, or participating Oregon independent college or university. It is designed to improve student access to a college degree by enhancing opportunities for the transfer of credits earned at one community college or Oregon university campus to another public college or university.

The OTM includes coursework chosen from the courses approved for the categories found in the program guide (<http://ecatalog.socc.edu/archive/2017-2018/programsaz/oregon-transfer-module-otm/#programguidetext>) by the institution issuing the credit. In the case of community colleges, these are courses approved for the AA/OT degree; in the case of universities and four-year colleges, they are courses approved for the general education portion of a Bachelor's degree.

Any student completing the requirements for an OTM that conforms to the guidelines below will have met the requirements for the OTM at any Oregon community college or public university. At the time of transfer, the receiving institution may specify additional coursework for a major or degree, any additional institution specific general education requirements not included in the OTM, or to make up the difference between the OTM and the institution's total general education requirements.

Graduation Requirements

Complete a minimum of 45 credit hours and all courses must be passed with a grade of 'C' or better. Students must have a minimum cumulative Grade Point Average (GPA) of 2.0 at the time the OTM is awarded. One course must be completed at Southwestern before the OTM degree is awarded.

Complete elective courses to reach a total of 45 credits. The courses must be numbered 100 or above. Complete the graduation application process one term prior to the term of completion (e.g., spring term graduates must apply during winter term).

Foundational Skills Requirements

All courses must be completed with a grade of 'C' or better.

Writing

Two (2) courses from:

Electives

- All courses must be completed with a grade of 'C' or better.
- Students may take any college-level course that would bring total credits to 45. Courses must be from the Introduction to Disciplines area (Arts & Letters, Social Science, or Science/Math/Computer Science).
- A maximum of nine (9) credits of PE185 sport/activity courses may be applied to the OTM.
- Three (3) credit hours of PE185 sport/activity courses may be granted toward the OTM for completion of military basic training. A copy of the military transcript or DD-214 is required.
- Courses numbered 199/299 will qualify as elective credit only.

Supportive Courses

Note: The College has determined that the following supportive courses may be necessary to assist students to successfully complete their program. They will count as electives only.

Code	Title	Credits
CIS125W	Word Processing Applications	3
HD100	College Success and Survival	3
HD111	Math Success	2
HD112	Study Skills	3
HD113	Stop Test Anxiety Now	1
HD140	Career/Education Exploration	1
HD147	Decision Making	1
HD152	Stress Management	1
HD154	Self-Esteem	1
HD204	Living Consciously	3
HD215	Transfer Success	1

Program Notes

1. Courses that are designed to prepare students for college-level work (also called developmental courses) are not applicable to the transfer module.
2. When choosing courses in science and mathematics, students and advisors should check the specific requirements at receiving schools. Courses that include a laboratory component, or that deal with specific subjects, may be required for majors or degrees. ESPS (<https://www.socc.edu/esps>) advisors and the University Center (<https://www.socc.edu/uc>) can assist you in planning for a specific major or degree.
3. Computer science courses used in the Math/Science/Computer Science area must meet Oregon Council of Computer Chairs criteria for a science course.
4. In the Arts and Letters category, the second year of a foreign language may be included, but not the first year. American Sign Language (ASL) is considered a foreign language.
5. All Oregon community colleges and public universities will offer students the opportunity to complete an OTM and the OTM designation will be posted on the transcript by the issuing institution upon request. Regionally accredited private colleges and universities within the State are also welcome to offer and issue transfer

modules, which will be accepted at any Oregon public college or university.

6. OTM credits may not match program requirements in the receiving school. The OTM supplements, but does not supplant existing articulation agreements and does not replace effective advising.
