

INFANT TODDLER DEVELOPMENT, CAREER PATHWAY CERTIFICATE OF COMPLETION

The Career Pathway Certificate of Completion: Infant Toddler Development offers students a well-rounded understanding of the physical, cognitive, emotional and social development of infants and toddlers, and how to put that knowledge into appropriate practice. The practicum experience is embedded in a foundation of basic early childhood education, child and early literacy development and family relations courses. Coursework includes a focus on developing foundational knowledge of high quality developmentally appropriate practice, observation/assessment, and working in positive partnerships with parents. All courses are offered online.

Click here (<https://www.socc.edu/pathways/roadmapsaz/158-childhood-education-family-studies-roadmap>) to learn how this Pathway Certificate can lead to an AAS in Childhood Education and Family Studies.

Entry Requirements

Students are required to complete the College's placement process to determine skill level and readiness in math, reading and writing. As part of their training program, students must begin with the courses within their skill level as determined by the placement process.

Students will also be required to have a current immunization record and background check to complete practicum requirements. The requirements will vary per state. Students whose home state is not Oregon, are encouraged to research the requirements from the state regulating organization regarding what will be required to complete the background check.

In Oregon, students must be listed on the Oregon Central Background Registry (CBR). To begin this process, visit the State of Oregon, Early Learning Division (<https://www.oregon.gov/occ/pages>) to be prepared to complete practicum work in a certified early learning center, apply for a background check, and receive additional information regarding how to comply with fingerprinting requirements.

Graduation Requirements

Students must complete a minimum of 42 credit hours with a cumulative Grade Point Average (GPA) of 2.0 or better. All courses must be completed with a grade of 'C' or better. Infant toddler practicum courses require students to pass PICCOLO assessments (<https://www.brookespublishing.com/resource-center/screening-and-assessment/piccolo>) to successfully complete the courses. One course must be completed at Southwestern before the Career Pathway Certificate of Completion: Infant Toddler Development is awarded.

Courses that are developmental in nature, (designed to prepare students for college transfer courses), are not applicable to this degree.

Complete the graduation application process one term prior to the term of completion (e.g., spring term graduates must apply during winter term).

Credit for Prior Learning

Credit for prior learning options are available for students with a Preschool Child Development Associate (CDA) credential, an Infant Toddler Child Development Associate (CDA) credential, a Step Seven on the Oregon Registry, or a certificate of completion for First Connections that includes mentoring in an infant-toddler learning environment. Contact ece@socc.edu for more information.
