

NURSING, ASSOCIATE OF APPLIED SCIENCE

The Associate of Applied Science (AAS) Nursing is intended for students seeking a career as a Registered Nurse. The program prepares students to practice professional nursing in a variety of settings. Upon completion of the program, students will be awarded an AAS degree and are eligible to sit for the national licensure examination (NCLEX-RN) leading to a licensure as a Registered Nurse.

ENTRY REQUIREMENTS

This is a restricted-entry program. Students are required to submit an application to the College and a separate application to the nursing program. A total of 52 credits of specific prerequisites must be completed. All prerequisites must be completed with a grade of 'C' or better prior to beginning the nursing program. Thirty (30) of the 52 credits must be completed by the end of fall term preceding admission and must include BI231 Human Anatomy and Physiology I. Selection of applicants is based on a point system described in the application/information packet.

Acceptance to the program allows for co-admission to the Oregon Health & Science University (OHSU) nursing program. Students are eligible to complete a bachelor's degree in nursing from OHSU either full-time in three quarters or part-time.

Information about the Nursing program may also be obtained on myLakerLink in the Program Forms section (https://mylakerlink.socc.edu/ICS/Admissions/Program_Specific_Forms.jnz). For more information contact the administrative assistant, Sumner Hall, Rm 4, 541-888-7443 or the director at 541-888-7342.

PROGRAM STUDENT LEARNING OUTCOMES

Upon successful completion of this program, the student will be able to:

- Act personally and professionally based on a set of shared core nursing values.
- Develop insight through reflection, self-analysis, and self-care.
- Engage in ongoing intentional learning.
- Demonstrate leadership in nursing and health care.
- Collaborate as part of a health care team.
- Practice within, utilize, and contribute to the broader health care system.
- Practice relationship-centered care.
- Communicate effectively.
- Make sound clinical judgments.
- Locate, evaluate and use the best available evidence in making practice decisions.
