

FOREST RENEWABLE MATERIALS/ADVANCED MANUFACTURING, ASSOCIATE OF SCIENCE

Renewable Materials is a multidisciplinary program that prepares students to work with renewable, plant-based materials to solve challenging world problems. Renewable materials such as wood, bamboo, canes, and agricultural fibers are examined to understand their characteristics and how to make useful products. Students gain broad perspectives on current issues associated with the sustainable utilization of renewable materials, including global trade, business innovation, energy production, and environment.

This degree was designed to transfer to Oregon State University's College of Forestry. Other transfer options may be available, consult your advisor for details.

The forestry field is projected to have many career opportunities coming up in the next decade as many forestry and natural resources professionals retire in the next few years. Students who enjoy working outdoors and want to have a career that focuses on managing our valuable forest lands to conserve and protect resources as well as produce valuable products for society should consider this degree.

GRADUATION REQUIREMENTS

Students must complete a minimum of 95 credit hours with a cumulative Grade Point Average (GPA) of 2.0 or better. All courses must be completed with a grade of 'C' or better. Twenty-four (24) credits must be completed at Southwestern before the AS degree is awarded.

Courses that are developmental in nature, (designed to prepare students for college transfer courses), are not applicable to this degree.

Complete the graduation application process one term prior to the term of completion (e.g., spring term graduates must apply during winter term).

PROGRAM STUDENT LEARNING OUTCOMES

Upon successful completion of this program, the student will be able to:

- Demonstrate fundamental knowledge of wood and similar renewable materials that make them challenging to utilize as industrial and building materials.
- Demonstrate command of renewable material moisture content and specific gravity calculations.
- Demonstrate ability to find, compile, analyze, and communicate technical communication.
- Demonstrate familiarity with the diverse complexity of the Renewable Materials industry, and the challenges it faces with balancing business and environmental goals.
- Demonstrate a combination of technical and business acumen that allows effective management of process and people.

- Demonstrate ability to creatively self-direct learning outcomes within the classroom environment and/or through independent undergraduate research.
- Gain information and knowledge to become a better global citizen.

Math and writing placement are unique to each student and are determined during the admissions and intake advising process. Additional math or writing courses may be required prior to taking the math or writing program requirements in this degree. For more information on placement methods used, visit our college placement policy here.

PRE-PROGRAM COURSE

Code	Title	Credits
MTH112	Trigonometry	4

PROGRAM GUIDE

Course	Title	Credits
First Year		
Fall		
CHEM221	General Chemistry I	5
F111	Introduction to Forestry	3
WR121	English Composition	4
PE231	Wellness for Life	3
Credits		15
Winter		
CHEM222	General Chemistry II	5
CIS125S	Spreadsheet Applications	3
F250	Forest Biology	4
F180 or NR180	Internship: Forestry ¹ or Internship: Natural Resources	5
Credits		17
Spring		
CHEM223	General Chemistry III	5
SP111	Fundamentals of Public Speaking	3
WR227	Report Writing	4
Literature and Arts ³		3
Credits		15
Second Year		
Fall		
ECON201	Microeconomics	4
MTH251	Calculus I Differential Calculus	4
PH211	General Physics with Calculus I Difference, Power, and Discrimination ²	5
Credits		16
Winter		
ECON202	Macroeconomics	4
BA212	Principles of Accounting II ⁶	4
PH212	General Physics with Calculus II	5
MTH252	Calculus II Integral Calculus	4
Credits		17

Spring

PH213	General Physics with Calculus III	5
Cultural Diversity	⁴	3
Western Culture	⁵	3
BA213	Principles of Accounting III	4
Credits		15
Total Credits		95

¹ Schedule an appointment with the Internship Coordinator a month prior to term 888-7405. Students may take any combination up to 5 credits of F180 or NR180 in the terms they choose.

² Difference, Power and Discrimination - HST201, HST202, HST203, SOC206, SOC213 will satisfy this requirement

³ Literature and the Arts:ART204, ART205, ART206, ENG104, ENG105, ENG106, ENG107, ENG108, ENG109, ENG201, ENG204, ENG205, ENG206, ENG262, MUS201, MUS202, MUS203.

⁴ Cultural Diversity: ANTH224, ANTH230, ANTH231, ANTH232, HST104, HUM204, HUM205, HUM206

⁵ Western Culture:ART204, ART205, ART206, ENG107, ENG108, ENG109, ENG201, ENG204, ENG205, ENG206, HST101, HST102, HST103, HST201, HST202, HST203, MUS201, MUS202, MUS203, PHL101, PHL102.

⁶ BA212 has a prerequisite of BA211 or BA111 or AC2764

* *All Honors courses may substitute for their equivalent requirements.
