

OREGON TRANSFER MODULE (OTM)

The Oregon Transfer Module (OTM) is an approved 45 credits of general education courses (foundational skills and introduction to discipline courses) that are common among Oregon's colleges and universities. Courses are selected from an approved list of 100 and 200-level general education requirements, determined by each Oregon community college, Oregon university institution, or participating Oregon independent college or university. It is designed to improve student access to a college degree by enhancing opportunities for the transfer of credits earned at one community college or Oregon university campus to another public college or university.

The OTM includes coursework chosen from the courses approved for the categories found in the program guide by the institution issuing the credit. In the case of community colleges, these are courses approved for the AAOT degree; in the case of universities and four-year colleges, they are courses approved for the general education portion of a bachelor's degree.

Any student completing an OTM that conforms to the guidelines below will have met the requirements for the OTM at any Oregon community college or public university. At the time of transfer, the receiving institution may specify additional coursework for a major or degree, any additional institution-specific general education requirements not included in the OTM, or to make up the difference between the OTM and the institution's total general education requirements.

GRADUATION REQUIREMENTS

Students must complete a minimum of 45 credit hours with a cumulative Grade Point Average (GPA) of 2.0 or better. All courses must be passed with a grade of 'C' or better. One course must be completed at Southwestern before the Oregon Transfer Module is awarded.

Complete elective courses to reach a total of 45 credits. The courses must be numbered 100 or above. Complete the graduation application process one term prior to the term of completion (e.g., spring term graduates must apply during winter term).

All Honors courses may substitute for their equivalent requirements.

FOUNDATIONAL SKILLS REQUIREMENTS

All courses must be completed with a grade of 'C' or better.

ELECTIVES

- All courses must be completed with a grade of 'C' or better.
- Students may take any college-level course that would bring total credits to 45. Courses must be from the Introduction to Disciplines area (Arts & Letters, Social Science, or Science/Mathematics/Computer Science).
- A maximum of nine (9) credits of PE185 sport/activity courses may be applied to the OTM.
- Three (3) credit hours of PE185 sport/activity courses may be granted toward the OTM for completion of military basic training. A copy of the military transcript or DD-214 is required.
- Courses numbered 199/299 will qualify as elective credit only.

SUPPORTIVE COURSES

Note: The College has determined that the following supportive courses may be necessary to assist students to successfully complete their program. They count as electives only.

Code	Title	Credits
CIS120	Concepts of Computing	4
CIS125W	Word Processing Applications Microsoft	3
HD100	College Success and Survival	3
HD102	College Nuts and Bolts	1
HD111	Math Success	2
HD112	Study Skills	3
HD113	Stop Test Anxiety Now	1
HD140	Career/Education Exploration	1
HD152	Stress Management	2
HD208	Career/Life Plan	3
LIB127	Navigating the 24/7 Library	1

A maximum of 45 credits is allowed for basic, developmental, or supportive courses under federal financial aid guidelines.

CULTURAL LITERACY

Students are encouraged to complete at least one (1) course from any of the discipline studies that meets the statewide criteria for cultural literacy. The credits for such courses will only be counted one time toward the degree.

PROGRAM NOTES

1. Courses that are designed to prepare students for college-level work (also called developmental courses) are not applicable to the OTM.
2. When choosing courses in science and mathematics, students and advisors should check the specific requirements at receiving schools. Courses that include a laboratory component, or that deal with specific subjects, may be required for majors or degrees. ESPS advisors and the University Center can assist you in planning for a specific major or degree.
3. Computer science courses used in the Science/Mathematics/Computer Science area must meet Oregon Council of Computer Chairs criteria for a science course.
4. In the Arts and Letters category, the second year of a foreign language may be included, but not the first year. American Sign Language (ASL) is considered a foreign language.
5. OTM credits may not match program requirements in the receiving school. The OTM supplements, but does not supplant existing articulation agreements and does not replace effective advising.
