

ENGLISH, ASSOCIATE OF ARTS TRANSFER

An English Literature degree involves in-depth study of various literary genres, periods, and cultural contexts, analyzing novels, plays, poems, and other texts from around the world, written in the English language. Students develop skills in close reading, critical thinking, and effective communication, exploring themes, historical influences, and cultural implications. The program also covers literary theory, criticism, and research methodologies. It promotes a deep understanding of literature and cultivates analytical and communicative skills. Graduates with a degree in English have the capability to analyze others' words, engage in both critical and creative thinking, conduct thorough research, advocate significant viewpoints, and effectively structure their thoughts for diverse formats. Career paths may include writing, teaching, journalism, law, public relations, or any field which involves expert use of the English language.

The AAT (Associate of Arts Transfer) program in English delineates precise course prerequisites for SWOCC students intending to transfer to a four-year university for the pursuit of a Bachelor of Arts in English literature. The AAT in English assists students in selecting courses that optimally equip them for the English Literature program at their selected four-year university.

PROGRAM STUDENT LEARNING OUTCOMES

At the completion of this curriculum, students should be able to:

- Demonstrate understanding of literary works in context, including the ways texts engage notions of genre, culture, history, class, race, gender, and sexuality.
- Discuss and explicate, orally and in writing, themes, plots, characterization, symbolism and other conventions and practices of literature and literary genres.
- Define and apply vocabulary appropriate to the study of literature and the humanities (e.g., hero, myth, symbols, irony).
- Make connections between literature and their own lives.
- Use a variety of written, verbal, and multimodal forms to respond to and analyze literary texts and contexts

In addition to Program Outcomes, standards have been established for Student Learning Outcomes in General Education Courses in the following categories: Arts and Letters, Cultural Literacy, Mathematics, Science or Computer Science, Social Science, Speech and Oral Communication, Writing, and Information Literacy. Coursework in each of these areas supports student achievement of these outcomes.

GRADUATION REQUIREMENTS

Students must complete a minimum of 90 credit hours, distributed across general education categories listed below. All courses must be completed with a grade of 'C' or better. Students must have a cumulative GPA of 2.0 at the time the AAOT is awarded. Twenty-four (24) credits must be completed at Southwestern before the degree is awarded.

Students must successfully complete the following courses from the list of approved general education courses for the English, AAT degree and a number of elective credits.

Students may take any college-level course that would bring total credits to 90 quarter hours, including up to 12 credits of college-designated career and technical education (CTE) courses. Note: Some courses are considered career technical courses and have limitations within this degree, they are designated with "CTE" in the Course Description area of this catalog. A maximum of nine (9) credits of PE185 sport/activity courses may be applied to the AAOT degree.

Courses that are developmental in nature (designed to prepare students for college transfer courses) are not applicable to this degree.

Students must complete the graduation application process one term prior to the term of completion (e.g., spring term graduates must apply during winter term).

CORE TRANSFER MAP (CTM) REQUIREMENTS

All courses must be completed with a grade of 'C' or better.
